

2011-2012 Academic Year

Dear Parent/Guardian of Prospective Student:

Thank you for expressing interest in Brook Road Academy at St. Joseph's Villa. The mission of Brook Road Academy is to provide a college-prep curriculum within a nurturing, non-traditional learning environment that values each student as an individual, helping each to realize his/her fullest potential.

We recognize that each student has a unique learning style; therefore, we provide a curriculum program that allows each student to approach diverse learning tasks and classes with individual learning strategies. The focus of the Academy is to identify what learning strategies work successfully for each individual and to build on those strengths.

Enclosed you will find additional information about Brook Road Academy and St. Joseph's Villa as a whole. You will also find the details about the admission process.

Thank you for your interest in Brook Road Academy.

Warm Regards,

Elisabeth Rigsby, M.Ed.
Head of Academy
